Westberry School

Westberry School is located in the town of Kindersley. With a population of 4,412 people and located 198 kilometres west of Saskatoon on highway 7, Kindersley is the largest economic, recreation and service centre in the West Central region. Agriculture and the oil industry are the two primary industries in Kindersley but government, health, education and social services, commercial operations, recreation, service sector employment and highway traffic all make significant contributions to the local economy. Kindersley is served by a weekly newspaper. Westberry offers Grade 8 to Grade 12 classes and has a current enrollment of 279 students. Projections indicate a stable enrollment until the 2013-14 school year. Elizabeth's attendance area includes the communities of Brock, Netherhill, Glidden, Smiley and Pinkham. The nearest school to Westberry offering the same grades is Elizabeth School in Kindersley. Built in 1956, eight classrooms were added in 1959 and in 1965 a gymnasium was added, which is now a library. In 1987, the school was completely renovated with a new gymnasium added as well as 3 modular classrooms.
