Background

The Educational Sector Strategic Plan (ESSP) uses the Hoshin Kanri (HK) methodology. It is a structured planning cycle in which goals, plans and measures are set to monitor progress towards these goals realizing that adjustments and changes may occur on a yearly basis. Our provincial ESSP target has been set for 2020 in the areas of At Grade Level Reading, Writing, Math, Improving First Nations and Métis Student Engagement & Graduation Rate and Graduation, Early Years, Graduation Rates and Sector-Wide Efficiencies.

The Provincial Leadership Team (PLT) primarily comprised of the Directors of Education is ESSP Level One, School Divisions are ESSP Level Two, schools are ESSP Level Three and the classrooms are ESSP Level Four.

Planning in public education is an essential part of ensuring that all students have equitable opportunities to acquire the knowledge, skills and attitudes they need to be self-reliant, responsible, caring and contributing citizens. Planning ensures resources for public education are used for optimal results.

The Division has developed an ESSP Level Two plan that is aligned with the provincial ESSP. The accomplishments and results achieved provide information to the public and inform the cycle of planning for continuous improvement.

Division goals, priorities and commitments will be reflected in the Division’s commitments to learning and the ESSP Level Two. In addition, identified areas in the effective school practices at the school level are to be planned for by Professional Learning Teams (PLT) using Smart Goals. School planning, assessing, reporting and communicating are integral components to and school-based decision-making.

The elements of the ESSP Level Two are inter-related. Information about problems and root-cause analysis is used to develop future state goals and action plans that will move schools toward those goals. Metrics detail the tools that will be used to measure progress and also threshold that will indicate success. Subsets of action plans will include information on which individual or group is accountable for implementation and reporting progress. Engagement planning describes the roles of stakeholder groups in the areas targeted for focused improvement.

Preparing ESSP Level Three plans, collecting data and engaging in reflection provide schools the opportunities to work as a team. Collaborating as school staff with School Community Councils and the community is an integral part of the process. Such involvement creates commitment to and understanding of the goals and priorities of the school.

The School Leadership Team takes a lead role in ESSP Level Three planning.

Procedures

1. ESSP Level Two Planning

- 1.1 The mandate, vision, mission, guiding principles and goals of the Division will provide strategic direction for system planning.
- 1.2 The planning process will recognize priorities identified in the ESSP and by the Board.
- 1.3 The actions and endeavours of the Division and its schools must be guided by sound planning processes. The planning process shall provide ample opportunity for input and meaningful involvement by persons from stakeholder groups. "Formal" processes for the system and its schools to develop, revise and extend their ESSP Level Three Plans that identify priorities, along with predetermined courses of action, outcomes, measures, strategies and timelines for task completion will be developed each year.
- 1.4 The ESSP Level Two Strategic Plan shall be kept current to ensure focused, efficient and effective change and improvements.
- 1.5 The ESSP Level Two Strategic Plan will include data connected to metrics included in the plan, as well as a summary of stakeholder engagement activities related to the plan.
- 1.6 The Board shall approve the ESSP Level Two Plan annually.
- 1.7 The Director shall:
 - 1.7.1 Make provision for distribution of the ESSP Level Two Strategic Plan and its placement on the Division website.

2. ESSP Level Three Strategic Plan

- 2.1 Principals will identify an ESSP Level Three Strategic Plan that meets local needs and fulfils accountability requirements shall be developed and implemented by each school.
- 2.2 Principals are responsible for developing both short and long-range plans that are consistent with Division priorities, the expectations of the Education Sector Strategic Plan (ESSP) and School Community Councils.
- 2.3 The Principal will seek involvement of stakeholders (students, parents, School Community Councils, Brethren, etc.), as appropriate, in development of their ESSP (Level 3) Plan with provision for ongoing input into the revision process.
- 2.4 The ESSP Level Three Strategic Plan shall be updated annually.
- 2.5 ESSP School Level Three Strategic Plans will use a format that identifies:
 - 1.1.1 Problem Statement - Current state and the reason for action.
 - 1.1.2 Root Cause Analysis – What is causing the problem and what evidence can be provided to support the analysis.
 - 1.1.3 Future State – How the situation will be different because of the actions taken to improve it.

- 1.1.4 Implementation Plan – What high-level actions that will be taken to address the problem within the given timeframe and how the future state will be achieved.
- 1.1.5 Metrics – How you will know a change has been an improvement.
