

Westberry Elementary's Re-Entry Plan

(Updated September 1, 2020)

For the upcoming 2020-2021 school year, the Government of Saskatchewan expects every student to continue to learn. The Ministry of Education has released its provincial Safe School Plan. Westberry Elementary's re-entry plan aligns with the Sun West School Division's plan, which is the result of consultation with the Saskatchewan Government and its Ministry of Education.

Given the framework of which to work with, Westberry Elementary School, in direct consultation with the Sun West School Division team, has created the following school-based re-entry plan. Our plan takes into account the size of our classrooms, the ages of our students, the overall school population and the resources we have access to. This plan, we believe, will allow for the utmost safety, in terms of spreading COVID-19 within the school, and, at the same time, maintaining an early learning environment, teaching our Pre-K to Grade 4 Saskatchewan curriculum.

Although no one can ever predict during this pandemic if and when someone might acquire the Covid 19 virus, we do believe that an outbreak is less likely to occur if we abide by the health measures that are in place. For this reason, it is very important to have complete cooperation from staff, students, families, and community members to lessen the impact of COVID-19.

We have divided our plan into 7 keys areas.
